

Turnkey Solution Provider Lee Industrial Contracting Launches Redesigned Website

March 2nd, 2009 Pontiac, MI – Lee Industrial Contracting is delighted to announce the launch of the redesigned website, viewable at leecontracting.com. The turnkey solution provider hopes the redesigned website will further support their position as a leader in industrial solutions.

The new site provides users with a comprehensive overview of the services offered, including machine rigging and moving, equipment foundations, machine renovation, electrical, mechanical/pipefitting, air compressor testing, and facilities management. New additions include a news section with press releases, video and posted slideshow presentations. Visitors will find the style of the new website sleek and easy to navigate.

Jason Davis, Business Development Manager, commented, "We're launching the new website for both our existing and potential clients. We want our customers to have confidence in us, and our strong web presence plays a key role."

Visitors can also sign up for a newsletter mailing list or request a free quote on the website, which will be sent directly to a Project Manager. These features are carefully tested and crafted to facilitate a dialogue between users and Lee Contracting.

"Integrated with our other marketing efforts, the website serves as a corner stone in our strategy," reports Jacob Brown, Web Department Manager. "We're making interaction through the website a conversation, no longer just one-way communication. Expect to see fresh content, demonstrating our achievement and growth."

###

About Lee Industrial Contracting

Lee Industrial Contracting is a single source contractor specializing in complete turnkey solutions. With headquarters in Michigan and branches in Georgia, Mississippi, Alabama, and Kentucky, Lee Contracting is capable of serving the entire US as well as Mexico and Canada. Utilizing new and updated equipment, this team of expert industrial contractors can move just about anything.

Experienced project managers will ensure every step of the process is completed using the most time-efficient and cost-effective means. Lee Contracting employs a team of experienced and qualified heavy machinery movers, riggers, pipe fitters, electricians, masons, welders, custom carpenters, and dedicated laborers.
